

starski chalets

style & comfort in the alps

starski chalets offer luxury ski and snowboard holidays in our beautiful new fully catered chalet in Montriond-Morzine. Our aim is to give our clients the ultimate winter ski or snowboard holiday where every detail has been thought out by us, so you have to worry about nothing except enjoying your winter holiday. Our brand new luxury chalet offers the ultimate in style and comfort - we have 7 en-suite bedrooms, outdoor hot tub, in-chalet bar, open log fire, stunning modern interior design, wireless internet, SKY tv and a heated boot room. Our chalet is perfect for groups, families or individuals.

We have worked hard to make sure that all our services compliment your ski holiday. Our services include; in-resort minibus service, in-chalet ski & board fitting, high standard of cuisine and wines, preordering of lift passes, pre-booking ski lessons, personal holiday booking service, and a professional and friendly service from initial enquiry through to the end of your holiday.

Your holiday will feel like it's truly started upon arrival at our chalet where you'll be greeted with champagne and canapes whilst we unload your luggage. You'll be individually shown to your beautiful en-suite room where you can unpack and get yourselves settled in. At a convenient time our Ski Doctor will arrive and personally fit each of our guests with their ski or board equipment - whilst you're waiting why not take a plunge in our luxuriously appointed outdoor spa pool or simply relax at the bar and enjoy a cocktail, glass of fine wine or a gin & tonic.

the ultimate starski chalet

Perched on the hillside above the friendly village of Montriond which is linked to Morzine, our chalet has magnificent views of the Morzine valley and being south-facing, it benefits from day-long sunshine. It is perfectly located to give our guests a head start to the Ardent ski-lift which gives swift access to Avoriaz and some of the best skiing in the Porte du Soleil. The chalet sleeps 14 people with all the necessities to create a luxury ski holiday for all of our guests. We have also had a luxurious outdoor hottub and in-chalet bar installed.

It has been designed with every comfort in mind and comprises 7 en-suite twin/double bedrooms. Two of the ground floor rooms would be ideally suited for families, as they are set apart from the third room. Also on the ground floor is a ski and boot room with entrance for guests leaving for and returning from skiing.

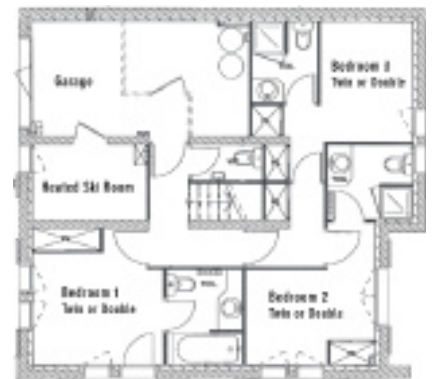

On the middle floor guests are welcomed in a roomy and cosy porch area, where they can remove outdoor clothing in comfort before entering the chalet. A hall leads to the large L-shaped lounge which has stylish comfortable sofas and armchairs surrounding the open fireplace, with fabulous views from the full length sliding glass doors which lead onto the balcony. In one corner is your very own fully stocked bar with a wide range of specialist whiskies, spirits, champagne and extensive wine list. There is also Sky TV video/DVD and stereo for the enjoyment of guests. For those needing to catch up on their email we have wireless internet throughout the whole chalet.

Breakfast and delicious evening meals are served in the comfortable dining room. Full length sliding glass doors can be opened to let in fresh air on warmer days and access to the large balcony and garden for al-fresco dining and barbecues in fine spring weather.

On the top floor there are four en-suite bedrooms all of which can be twins or doubles. Each has ample wardrobe space, a spacious bathroom with either a bath or power shower and heated towel rail, and the front rooms have balconies with panoramic views.

topfloor

The chalet is finished to a very high standard, with under-floor heating on the ground and first levels. The top floor is carpeted and heated by convection heaters for maximum warmth. Soft furnishings throughout have been hand-picked by our interior designer for a cosy and stylish finish. There is ample hot water for the whole chalet.

The outside of the chalet is as beautiful as the inside, with thoughtfully designed woodwork and masonry. Chalet Etoile Filante promises to be a very special chalet our guests will want to return to year after year.

the food and the service

We will serve you amazing local specialities along with other specially chosen menus. Our policy is to use local produce wherever possible and to make sure that the superb food served to you is a memorable part of your holiday. Six nights of the week we will serve 4 courses along with a selection of fine wines. After dinner we will provide coffee and after dinner chocolates in the lounge where you can also enjoy a drink from our bar.

We will be delighted to phone you prior to your holiday to discuss any particular requirements. Please note we are happy to cater for any dietary requirements, but let us know well in advance of your arrival.

Breakfast each day will be a hearty feast that will allow you to fuel up in preparation for a good days skiing. We will serve: Tea, Coffee, Orange Juice, a few different items each day (e.g. bacon & eggs, sausage & tomatoes, mushrooms & hash browns, ham & cheese), fresh pastries, yoghurts, toast, fresh bread, porridge, fresh fruits, dried fruits and a selection of cereals.

Upon your return from your days skiing you will be welcomed by afternoon tea which you can take in front of the real log fire. You'll be able to relax with a cup of tea, coffee or hot chocolate and a slice of cake. If you fancy something a little stronger then you could always enjoy a bit of apres ski and make use of the in-chalet bar.!

the resort and the skiing

14 resorts, 650km of piste, the largest ski area in the world

Our beautiful starski chalet is situated on the sunny south facing side of Montriond which is linked to Morzine. Our private in-resort minibus service will whisk you over to Morzine and pick you up should you wish for a big night out, but we think you'll enjoy relaxing in our outdoor hot tub with a drink from our own bar just as much.

Montriond and Morzine are picturesque towns, and are situated in the French Alpine region of the Haute-Savoie. Unlike many ski resorts, Montriond and Morzine retains all the charm and culture of the farming towns they once were making them the perfect place to take your ski holidays.

The chalet is perfectly situated for easy access to the Ardent express bubble which takes you directly up to Lindarets where the ski schools meet and you have easy access to the rest of the Portes du Soleil ski area.

Portes du Soleil Ski Area

The Portes Du Soleil, or Gateway to the Sun, is the largest linked ski area in the world, and is made up of 14 French and Swiss resorts in the Alps. It boasts some 650 km of piste in the winter and needs to be skied to be believed. To take full advantage of the Portes du Soleil we offer a Free Guiding Service for those staying with us.

Climbing from 1000 to 2466m, between France and Switzerland, its 208 ski lifts will take you up to the 8 snowparks, 243km of cross country tracks and 650km of marked pistes that interconnect the 14 resorts ... all accessible with a single ski pass! Even though parts of the ski area sit at a moderate altitude, it's northern situation (the most Northern in France) means that it often gets better snow than most other French resorts which are much higher. This factor along with the abundance of North facing slopes, means the snow lasts well into May!

theresort

- ◇ 650km of pisted slopes
- ◇ 14 ski resorts across France & Switzerland
- ◇ 288 Ski runs; 28 black, 107 red, 112 blue, 41 green
- ◇ 208 Ski lifts
- ◇ 8 Snowparks with full range of kickers & rails
- ◇ 3 Half-Pipes
- ◇ Massive range of off-piste
- ◇ 243km of crosscountry ski tracks
- ◇ 520 Snow cannons
- ◇ Ski pass free for under 5s
- ◇ Free ski guiding service

Depending on your ski-level, mood, the weather, the time available, the possibilities are infinite and a week is not enough to get to know every hidden corner. You can choose a route for its exceptional views over Mont Blanc (Chamossiare, Mont- Chery) or Lake Geneva (Super Chatel, Torgon), ski on the Swiss side in order to examine the Dents du Midi; or opt for a day trying out culinary treats by ensuring that gastronomic addresses are on your route.

Skiing

Take your time... 650 km of slopes, an enormous French-Swiss area, all this requires an instruction manual. Check out the discovery circuit guide. Circuits (that take 2h 30 mins approx) organised according to ski levels have been designed to give you easy access. You'll recognise the itineraries (blue runs, red or black). Each circuit is marked by a mountain animal. Head off following the bear, rabbit, jackdaw, ibex or reindeer and enjoy the show, it's worth the effort!

Snowboarding

The Portes de Soleil was the first area to recognise Snowboarding as a proper winter sport and put in one of the first parks in Europe. Since then it has gone out of its way to provide some of the best parks around and produce some of the worlds best riders who frequent them. The off-piste throughout the area offers innumerable opportunities to get fresh tracks even after days of no snow.

For the snowboarders, there are 9 snowboard parks, each of them offering something different, and kitted with jumps for all standards. There is also a couple of half-pipes and a beginners park.

Our Free Guiding Service

When skiing the largest linked resort in the world, it's very easy to miss out on skiing some of the best areas. As part of your holiday, we offer 2 days of guiding to show you the good spots for skiing and the great restaurants, so that you can fully appreciate the size and beauty of our resort. There is something for everyone, and we'll make sure that you get to the places.

skischool

Morzine-Avoriaz is a very well facilitated resort for beginners. Circuits of gentle runs for easy cruising, hardly any drag lifts (great for beginners), English speaking schools and miles and miles of well connected easy slopes makes Morzine-Avoriaz a very popular choice for beginners and those who'd like to improve. This year we will be using the Avoriaz Alpine Ski School to provide all of our lessons and ski school requirements. Experience has shown us that those learning to ski, particularly young children, develop faster when using an English speaking instructor.

We are able to book all of your lessons in advance for your peace of mind. Upon your arrival in the chalet an instructor from the ski school will visit the chalet to introduce the school and make sure that all of your requirements have been met.
